

# Shenzhen Xtooltech Co., Ltd

LUFENG Function table V26.50

System type	paragraph	Contains models	Function menu	Password required	Password readable	Password digits
Intelligent key system		X2	<ol style="list-style-type: none"> <li>1. Smart key matching</li> <li>2. Reset PIN code</li> <li>3. Match PEPS</li> <li>4. Match EMS</li> <li>5. Reset PEPS</li> <li>6. match all</li> </ol>	yes	no	4
		glory	<ol style="list-style-type: none"> <li>1. Key matching</li> <li>2. New system matching</li> <li>3. Smart box matching</li> <li>4. Engine computer matching</li> <li>5. Smart box reset</li> <li>6. Engine computer reset</li> </ol>	yes	no	4
Wenzhou Guowei Intelligent Key System		X5	<ol style="list-style-type: none"> <li>1. Version information</li> <li>2. Clear the fault code</li> <li>3. Read the data stream</li> <li>4. Programming function               <ol style="list-style-type: none"> <li>3.1. Match the full set of systems</li> <li>3.2. key matching</li> <li>3.3. PEPS matching</li> <li>3.4. ESCL matching</li> <li>3.5. PEPS reset</li> </ol> </li> </ol>	yes	no	4
Xiamen Tongzhi Intelligent Key System		X5	<ol style="list-style-type: none"> <li>1. Version information</li> <li>2. Clear the fault code</li> <li>3. Read the data stream</li> <li>4. Programming function               <ol style="list-style-type: none"> <li>3.1. Match the full set of systems</li> <li>3.2. key matching</li> <li>3.3. new PEPS matching</li> <li>3.4. old PEPS matching</li> <li>3.5. ESCL matching</li> <li>3.6. Reset EMS</li> <li>3.7. EMS matching</li> </ol> </li> </ol>	yes	no	4
	-2016	X7	<ol style="list-style-type: none"> <li>1. Read the data stream</li> <li>2. Key matching</li> <li>3. PEPS matching</li> <li>4. ESCL matching</li> <li>5. PEPS reset</li> <li>6. Write the VIN code</li> <li>7. EMS matching</li> <li>8. New match</li> </ol>	yes	no	4
	2017-	X7	<ol style="list-style-type: none"> <li>1. Match all</li> <li>2. Match the key</li> <li>3. Match PEPS</li> <li>4. Reset PEPS</li> <li>5. Match ESCL</li> <li>6. Reset EMS</li> <li>7. Match EMS</li> </ol>	yes	no	4
Shanghai Guowei Intelligent Key System		Happy	<ol style="list-style-type: none"> <li>1. Match all</li> <li>2. Match the key</li> <li>3. Match PEPS</li> <li>4. Reset PEPS</li> <li>5. Match ESCL</li> <li>6. Reset EMS</li> <li>7. Match EMS</li> </ol>	yes	no	4

Body control system		X2EV	1. Remote matching 2. Match BCM	yes	no	4
		glory	1. Remote control matching 2. New system matching 3. Body computer matching 4. Engine computer matching 5. Body computer reset 6. Engine computer reset	yes	no	8
Delphi anti-theft system (gasoline)		X5	1. Version information 2. Read the fault code 3. Clear the fault code 4. Read the data stream 5. Password setting 5.1. Password input 5.2. Password setting	yes	no	4
	-2016	X8	6. Programming function 6.1. Matching the complete system 6.2. Matching anti-theft device 6.3. matching engine ECU 6.4. matching key 6.5. Programming engine VIN code			
		X9	6.6. Programming the VIN code of the anti-theft device 6.7. Reset engine ECU 6.8. Reset the anti-theft			
Shanghai Industrial Transportation Anti-theft System		X6	1. Version information 2. Read the fault code 3. Clear the fault code 4. Read the data stream 5. Password setting 5.1. Password setting 5.2. Password input	yes	no	4
	-2016	X8	6. Programming function 6.1. Matching the complete system 6.2. matching key 6.3. clear the key 6.3.1. Clear all keys 6.3.2. key 1 clear 6.3.3. key 2 clear 6.3.4. key 3 clear 6.3.5. key 4 clear 6.3.6. key 5 clear			
		X9	6.4. Matching anti-theft device 6.5. matching engine ECU 6.6. Programming the VIN code of the anti-theft device 6.7. programming engine VIN code 6.8. Reset engine ECU
